In-Service Day	\$30 per day

After School Program

Our After School Program has been redesigned to be an interactive, enriching environment. After K-8th students are released from their regular classes, they will have some playtime before participating in grade-level appropriate activities. Some of these include, but are not limited to, the following: STEM projects, arts/crafts, reading, study hall.

Payment of After School Program Fees

All students' After School Program fees must be paid on the 1st of each month through FACTS Tuition Management.

Afternoon/Evening Checkout

As safety of students is imperative, parents picking up their student(s) from the After School Program are responsible to check their student(s) out themselves. Older siblings who are still minors themselves may not check their siblings out.

Students on Campus after School

K-8th students not in the Annual/Monthly After School Program who have not been picked up and remain on campus 15 minutes after class is dismissed will be charged the Daily Rate.

Morning Child Care

Morning Child Care is provided at no charge in Room C13 after 7am. All students must report to this room immediately upon arrival to school prior to 8am.
