

SCS Before & After-School Student Care Program

The Extended Student Care Program of our school is premised on the fact that in our community, the work schedule of an average parent is from 8:00 a.m. to 5:00 p.m.

With the difficult times in which we live, it is risky to leave children without supervision and academic support when they return from school. Therefore, our before and after school program is an extension program designed to supervise, provide not only fun games and activities, but academic support to students.

Even after school's out for the day, children need to be engaged in a comfortable, yet stimulating child care environment. Our before and after school child care program allows kindergarten and school-age children to balance learning and fun through a variety of experiences. From homework help to fun physical activities, our extended day care program is designed so that everyone goes home happy. Our areas of focus give your child endless opportunities to learn and grow.

Every effort will be made to ensure that no student leaves the school premises with any person other than those listed on the daycare student emergency form without written authorization from the parent or guardian. Please advise those listed not to be offended if identification is requested. Students must have a current daycare emergency form on file in the school office.

Daycare operates from 7:00 a.m. before school to 6:00 p.m. after school. Students on campus after 6:00 p.m. will be charged a minimum of \$5.00 for the first five minutes and \$1.00 per minute thereafter. This amount will be added to your account or can be paid the same day.

Please contact the school office at (661) 327-3927 for more information.
